

HVAC Indirect-Fired 8500 Series Technical Data

RAPID™ 8500-Series air handlers improve indoor air quality and provide air comfort.

RAPID™ 8500-Series is one of the most versatile indirect-fired heating systems. With three fuel options, three control options, nine discharge choices, horizontal or upright installation, plus a complete line of handling and filtering accessories, RAPID™ 8500-Series is designed to last for years with proper installation, maintenance and use.

Model	8500 - 35	8500 - 45	8500 - 50	8500 - 65
CFM	3,500 - 6,000	3,500 - 6,000	4,000 - 8,000	4,000 - 8,000
Output [MBH]	240 - 350	240 - 450	240 - 500	520 - 650

Model	8500 - 75	8500 - 85	8500 - 100	8500 - 125	8500 - 150
